

Join us at this year's Summer Camp

Explore The Heart of Bavaria

Get to know Bavaria's ancient royals, the "Landshut Wedding" and their legacy into modern times, including the "Trausnitz" Fortress and the St. Martin's Cathedral.

Visit the Max-Planck-Institute for Extraterrestrial Physics and meet the team of Nobel laureate 2020 Prof. Dr. Reinhard Genzel.

Go rafting on the river Danube and earn a typical Bavarian "Brotzeit", a hearty lunch at the Weltenburg Abbey, the oldest abbey in Bavaria.

Learn more about the region's famous agricultural produce: Hops! Range the hop growing fields and smell the "green gold", which is just about ready for harvest.

Visit Munich and the world famous Olympic Stadium. Climb on its roof and get a new perspective of Bavaria's capital city. And, if you like, "fly" back to the ground.

Interested?
Then see detailed information on the next page.
Important: Bring along a typical item from your home country!

Looking forward to seeing you soon!
