ACCEPTANCE:	Application Form and the answers are mandatory requirements for the acceptance. We confirm the place in the camp only after we have had the chance to review both.	

THE FUTURE CAMP FOR YOUTH

You are warmly welcome to the Rotary International Summer Camp in Finland. The theme of the camp is the Future. At our camp you will get to know young people from different countries, make new friends and enjoy Finnish nature.

In addition to the official application, please answer briefly (language: English) the following questions informally.

1. How do you see the future? What kind of ideas you have for the better future?
2. How do you see the future for the next 20 years?

Please write your answers in your own words or make a short video about your thoughts. Send it to Torsti Poutanen by email: torsti.poutanen@kolumbus.fi

Note that answering the questions is a mandatory requirement for the acceptance to the camp.

Our mentor at the camp will be futurist Perttu Pölönen. He will discuss and innovate with us and make us think about the future in different ways. Examples: What will future look like in twenty years . . . in fifty? Which skills should we cultivate in an age of ceaseless technological progress?

We will send Perttu's book "Future Skills" in advance to the accepted participants. The book allows you to get familiar with the theme.

Perttu Pölönen is a futurist, inventor and author. He has studied future technologies at Singularity University, based at NASA Ames Research Center in Silicon Valley, co-founded an edtech company in Myanmar, written two books and won EU's biggest science competition for youth. In 2018 MIT Tech Review honored him among the 35 Innovators under the age of 35 in Europe. More about Perttu's thoughts can be found here: [\(5\) Perttu Pölönen | LinkedIn](#).

Welcome to Finland and to the Future Camp for the Youth.
